

# PROVENCE MARINASIDE OUR COMMITMENT TO HEALTH AND SAFETY

On behalf of myself and the Provence team, I would like to thank you for your support through these unprecedented times. As we now carefully re-open our restaurant, we want you to know that we are committed to the health and safety of our staff and our guests.

Whether you choose to dine-in with us or prefer to enjoy our food at home, you can be confident that we have implemented enhanced measures in addition to our already high health, safety and cleanliness standards.

Here are some of the things we are doing:

- All team members have been given enhanced health and safety training
- Team members will wear personal protective equipment as advised by health authorities, and undergo daily health checks
- Tables and high-touch surfaces are thoroughly sanitized between each use
- Seating capacities have been reduced to 50% or more with reconfigured layouts allowing for a maximum of 6 guests per group, and 6ft/2m of space between groups
- Increased handwashing and hand sanitizing stations for guests and staff have been provided
- Digital menus and mobile payment options are available for those who prefer them

Along with these enhanced measures, we request that you help us to ensure the safest environment possible for everyone.

- Please do not visit our restaurant if you are feeling unwell or have travelled outside of Canada within the past 14 days (we will happily provide contactless takeout and delivery for you to enjoy our food at home)
- Maintain a physical distance of at least 6ft/2m apart and obey all directional signage
- Follow proper hand hygiene and cough/sneeze etiquette

We understand that all of this makes dining in our restaurant a little different from what you're used to; however, our promise to provide a great experience remains the same. Again, we thank you for your trust and continued support, we wouldn't be here without you.

Jean-Francis Quaglia
